## Death to the Flies

Death to the flies! They are the one pest that Williams has not eradicated before but is going to eradicate this year. The presence of flies means the presence of germ breeding filth in the near vicinity. Williams can be made a flyless and a germless town if the people will but co-operate with the street force in keeping the town free from all refuse and filth that may furnish feed for the fly maggots.

Are your premises free from filth? If not why not get busy now, and swat the flies before they hatch, while you can kill a hundred at a blow? Let's keep the town free from flies.

## Highest Priced Photo Service

Mr. Reese, proprietor of the Sultana Theater, deserves great credit for the fact that he is giving the Williams public the highest priced seven day photoplay service of all the theaters in the state of Arizona. This fact is conceded by the traveling representatives of photo houses, who pass thru Williams, and these men are in a position to know.

Paramount, Metro, Paramount, Triangle, Universal, World Film—that is the regular schedule for the week, from Sunday to Saturday. There are no better pictures to be had. Such productions are a positive force for good in any community.

The public is to be complimented for its good taste and for the liberal patronage which it gives Mr. Reese in appreciation of this service.

## Many Walks Need Repairing

A great many of the wooden sidewalks about town are much in need of repairs. In most cases, a few new planks or a few nails would repair the damage, yet without these repairs the walks are unsafe and a very bad advertisement for the town. The people who own the lots along all such walks, should either do the necessary repairing themselves or ask the street Supervisor to do it and charge it to the lots. This is a small matter but an important one.

## The Wondrous Wise Man.

(With thanks to the Women's Club Magazine.)

There was a man in our town, And he was wondrous wise; He threw some paper on the street

Right in front of people's eyes! And when he saw that paper gone, With all his might and main, He jumped into the street, he did, And picked it up again. He put that paper in the can, As every man should do, sir, He went and joined the Civic League And was that wise man you, sir?

## TWO CAR LOADS OF MEXICANS QUARANTINED

Friday morning two cars filled with Mexican laborers and their families, from Juarez, Mexico, were held up here as some of the party were suspected of having small pox. Dr. Jeffries and county health officer, Dr. Manning, were called. It developed that one woman and baby had a well developed case of small pox. The woman and baby were taken to the Geo. Rounseville ranch northeast of town and the two cars with the remainder of the infected Mexicans were sidetracked near the old smelter, and were well fumigated and put under guard. Bob Postle and Geo. Rounseville were appointed to act as guards.

The State health law requires that those exposed be held in quarantine for eighteen days.

## "GOOD ROADS EVERYWHERE"

The National Highway Association is conducting a campaign to secure action in congress that will give the United States two million miles of national highways—good roads everywhere. The estimated cost is just about equal to that of the Panama canal. No one can doubt that the benefits which the people would derive from such a system would be far greater than those that can be derived from the canal. The people favored the canal and for that reason it would seem that this proposal ought to receive even greater support.

If Uncle Sam would do as good a job of road building as he did in the construction of the Panama canal, the investment would pay large returns to the whole nation.

At the same time that such roads would prove of immense value to the general public, commercially and socially, it would prove an invaluable aid in case of war with any world power. "Good Roads Everywhere" has the right sound.

## GRAND CANYON ITEMS

The following people of Grand Canyon spent the Easter holidays in Williams: little Louise Wolfe visited her grandmother, Mrs. Gordon Holloway and two little daughters visited Mrs. D. D. Smith and little Jack Nall visited his grandmother, Mrs. T. A. Moore.

Jack Bruning, well known electrician, has gone to California for a week.

Mrs. Wm. Sgopo is entertaining visitors from the east.

## A Goodly Supply of Booze

About fifteen gallons of whiskey was captured by Undersheriff Frank Dickinson, Wednesday. It was in the possession of Frank Kuhn who claims the whiskey and says it was for personal use. It was said to have been shipped in by express in trunks and consisted of a couple cases of pint bottles and two jugs. The stuff is being held as evidence and Kuhn is also held as an exhibit until the question of "personal use," sale or barter is proven or not proven.
